Student Information Management System

Informed Decisions Are Driven by Data Accuracy

Integrity by CELT offers a flexible, secure, and comprehensive K-12 student information management system for school districts looking for:

- An easy-to-use design and web browser interface
- Leverage of a single, district-wide student database
- Secure information access for all education stakeholders
- Integration with other popular desktop applications
- Compliance with Schools Interoperability Framework (SIF)
- Performance tracking of key No Child Left Behind (NCLB) measures
- Ease of implementation and deployment

Manage Information Your Way

Teacher/Student/Family Portal

An arena for parents and students to communicate openly.

Benefits:

- Family Access
- Student Activity Calendars
- Student Virtual Locker
- Access to student homework assignments
- View attendance, grade, and conduct reports

Special Education Management

A comprehensive solution for creating and maintaining individualized education plans and managing the special education process.

Benefits:

- Innovative Workflow Technology
- Fully Customizable Screens
- Flexible Forms Management
- Seamless integration with other student information
- Comprehensive reporting

Master Scheduling

Each school in a district can create its own schedule, which will combine into a master exchange of resource sharing.

Benefits:

- Flexibility
- Access to full staff daily schedules
- View student schedules on PDA devices
- Run scheduling overnight
- Compare combinations to find best schedule options

Teacher Gradebook

Educators have secure access to their gradebooks anytime, anywhere, with no software to download.

Benefits:

- View IEPs from your gradebook
- Submit conduct referrals
- Manage attendance more efficiently
- Seamless submission of end-of-term grades

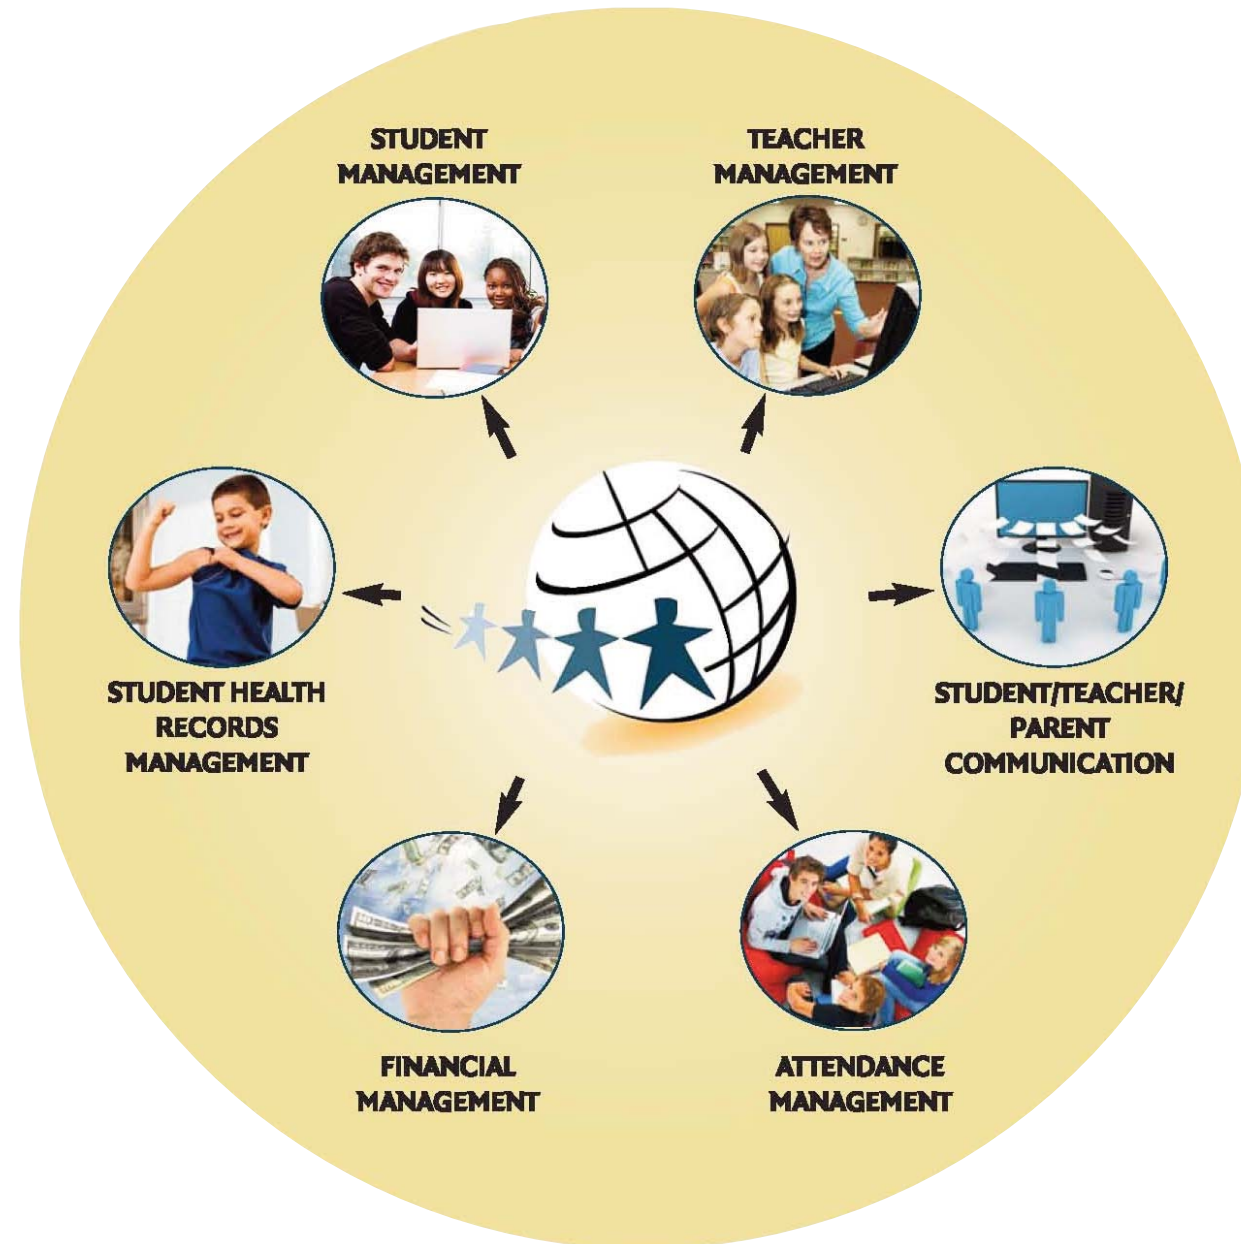

Health Management

Record and monitor medical conditions, medications, screenings and immunizations, and more.

Benefits:

- Verify immunization compliance.
- Track and report on residential status
- Record, track, and report on health issues
- Access to health and immunization records

Integrity by CELT - One vendor, one solution
for Student Information Management

LET THE DATA DRIVE YOUR DECISION

At Integrity by CELT, we help schools integrate K-12 applications into one secure, customizable, Web-based information system. We recognize the diverse challenges of today's school systems. Scalable software and tailored reports are some ways we can help overcome those challenges.

Our unparalleled technical support, extraordinary service, and exceptional software are just a few of the reasons why Integrity by CELT is the best choice for your Student Information Management System.

By delivering state-of-the-art technologies and comprehensive user support for your entire enterprise, Integrity by CELT offers you the peace of mind in knowing your information is safe and secure, and most of all, it's accurate. Through the integration of key applications into one single solution, you will have access to more comprehensive data enabling you to make the best decisions for your students.

Integrity by CELT offers you a robust and functional tool that is centrally managed, yet tailored to suit your needs. You will enjoy the flexibility to customize your pages, reports, and procedures so you can access information in formats you find familiar and efficient.

The technology is solid. The interface is intuitive. Combined, these result in a program that's simple, consistent and easy to learn.

Educators and Parents can manage their students with access to relevant, insightful and potent information

Student Administration - Easily manage day-to-day student administration and information such as demographics, scheduling, attendance, discipline, standardized tests, report cards, and transcripts.

Teacher Access - Provides Teachers with an integrated gradebook, assignment and attendance management system as well as the ability to easily communicate with parents.

Home Access - Provides Parents the ability to be more informed as to their child's grades, attendance, assignments, and discipline information.

Performance Dashboards - Equips District Administrators or School Board Members with daily school status, student performance and progress against key No Child Left Behind (NCLB) measures.

Performance Analysis - District administrators and teachers can use an 'out-of-the-box' data-warehouse to drill into their student data for performance and trend analysis in order to develop data-driven actions plans.

Integrated Reporting - Allows District Personnel to generate an extensive number of state and regulatory reports, other educational standard reports.
